

The General Assembly of INTEROP-VLab has elected the Board of Directors

The General Assembly voted on May 20th, 2010, for the election of the new Board of Directors, after 3 years of existence. The President (Prof. Jean-Paul Bourrières, University Bordeaux 1), the Secretary (Prof. Keith Popplewell, Coventry University) and the Treasurer (Prof. Kai Mertins, IPK Fraunhofer), were unanimously re-elected for a 3-year mandate. Then, the Board of Directors has decided to nominate Prof. Guy Doumeingts (Emeritus Prof. at University Bordeaux 1) as General Manager.

Another decision was to replace University of Bergen by Helsinki University as Member of INTEROP-VLab, representing the [North Pole](#).

Gerald Santucci, Head of Unit D4 "Networked Enterprise and RFID", DG INFSO, was invited to meet the participants to the General Assembly, to discuss about the future calls in the frame of the Unit D4 and the activities launched in INTEROP-VLab.

The annual meetings were organized in the headquarters of INTEROP-VLab in Brussels, on May 18th-19th, 2010. The two days were dedicated to the meetings of the committees and groups: [Scientific Committee](#), [Education Committee](#), [Standards Group](#), [Platform Group](#), [Task Force Ontology](#) and the recent Thematic Group in "Manufacturing Enterprise Interoperability".

Standards: a strong contribution from INTEROP-NoE to CEN/ISO 11354

The standard **CEN/ISO 11354** aims at elaborating a Framework for Enterprise Interoperability. The standard is based on the research performed under INTEROP-NoE (IST-2002-508011), taken into account the research works developed by IDEAS (IST-2001-37368) and ATHENA (IST-2003-507849). The standard CEN/ISO 11354 is being jointly developed by CEN/TC310/WG1 and ISO TC184 SC5/WG1 and has reached the level of Draft International Standard (DIS)... [Read more](#)

INTEROP-VLab will participate to the new cluster Internet of Things

The new cluster "Internet of Things" from DG INFSO unit D4 "Networked Enterprise and RFID", organized its first meeting on June 3rd, 2010. INTEROP-VLab will be involved in the cluster and will disseminate the relevant information.
